21st Century Community Learning Center

Jinks Middle School

Jinks Site Coordinator: Janice Lucas (850) 527-7760

Program Director: Janice L. Lucas (850) 913-3263

Purpose: This program provides STEaM (Science, Technology, Engineering, Arts and Math) academic enrichment opportunities during non-school hours to help students meet state and local student standards in core academic subjects, such as reading and math. STEAM After School offers students a variety of hands-on interactive enrichment activities and literacy and other educational services to the families of participating children.

Types of Projects: Each eligible entity that receives an award from the state may use the funds to carry out a broad array of before- and after-school activities (including those held during summer recess periods) to advance student achievement. These activities include:

- Remedial education activities and academic enrichment learning programs, including those which provide additional assistance to students to allow the students to improve their academic achievement;
- Mathematics and science education activities;
- Arts and music education activities;
- Tutoring services, including those provided by senior citizen volunteers, and mentoring programs;
- Programs that provide after-school activities for limited English proficient (LEP) students and that emphasize language skills and academic achievement;
- Recreational activities;
- Telecommunications and technology programs;
- Programs that promote parental involvement and family literacy;
- Programs that provide assistance to students who have been truant, suspended, or expelled to allow them to improve their academic achievement;
- Drug and violence prevention programs;
- Please Counseling programs; and
- Character education programs.
Participant and Parent/Guardian Statement of Commitment

The 21st Century Community Learning Centers program is a FREE Learning Center program for students that offers a variety of stimulating activities to promote school success and personal well-being in a safe environment. Active attendance and engagement are essential to the students’ and program’s success.

I understand the requirements of the 2st CCLC program include:

- Parent(s)/Guardian must attend at least (2) family events through July 31, 2019 in order for your teen to continue and/or remain active in the program.
- Failure to stay for the full academic portion of project-based learning activities may result in termination from the program.
- Jinks/Everitt Middle School reserves the right to dismiss students participating in Credit Recovery from the Credit Recovery program if they get three absences in the After School Program.
- Youth with regular attendance receive the most benefit from our program. Youth missing more than 8 days in any one month period may be at risk of losing his/her funded space within this program.
- Youth will participate in programming related to project-based learning activities with an emphasis on reading, science and/or math skills, as provided.
- Youth will complete pre- and post-assessments to monitor their progress as required by the federally funded grant contract.
- Parents/Guardians will participate in a satisfaction survey process at the end of the school year.
- Youth will participate in a satisfaction survey at the end of the school year.

I have read, understand and agree to comply with the requirements listed above. I realize that failure to comply with the requirements listed above will result in the student being dismissed from the program and loss of the funded space within the program.
